NRC STAFF MOTION FOR EXTENSION OF TIME TO FILE COMMENTS

The NRC Staff moves the Licensing Board to extend the time for the Staff to file comments from December 20, 1990 to January 11, 1991 for the following reasons.

At the conclusion of the prehearing conference held in Atlanta, Georgia on September 19, 1990, the Licensing Board expressed tentative concerns regarding the license amendment noticed in the Federal Register June 22, 1990 (55 Fed Reg 25756). The Licensing Board requested the licensee to address these concerns by November 13, 1990, the petitioners (GANE) to address these concerns by December 8, 1990, and the NRC Staff by December 20, 1990.¹

The Licensee and GANE have both provided the Licensing Board and Staff with their comments. In order for the Staff adequately to address the Licensing Board's concerns and the comments of the Licensee and GANE it will be necessary for the Staff to send an inspection team to the Vogtle Facility independently to examine and verify the human factors involved (distances, travel times, reaction times and physical plant
