Docket No. 30-19311

Dear Sir:

Attached please find two (2) copies of a 10CFR30 application filed by Pennsylvania Power & Light Company and Allegheny Electric Cooperative Incorporated. This application supersedes that which was filed on August 5, 1981.

This revision incorporates design changes discussed during a December 1, 1981 PP&L/NRC meeting; and provides information requested by NRC letter dated January 8, 1982 (Rouse to Gangloff).

This application is exempt from Licensing fees per 10CFR 170.11(a)(3).

Questions concerning this application should be forwarded to Mr. Thomas E. Gangloff, (215) 770-5486 of the Nuclear Licensing Department.

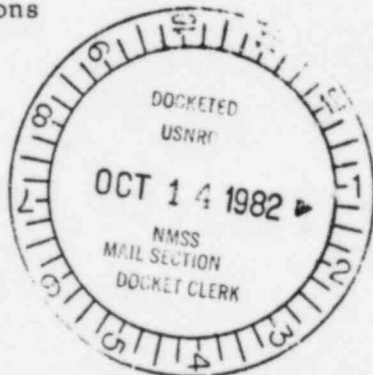

Very truly yours,

B. D. Kenyon
