MEMORANDUM FOR: Ross A. Scarano, Chief
Low-Level Waste Licensing
Branch, NMSS

FROM: Donald A. Nussbaumer, Assistant Director
State Agreements Program
Office of State Programs

SUBJECT: COLORADO REQUEST FOR ASSISTANCE

The Office of State Programs has received a request from Colorado dated September 20, 1982, for assistance on an application for a low-level radioactive waste disposal site, see enclosure 1.

As indicated in Colorado's letter, the State is requesting additional assistance above and beyond the technical assistance already agreed upon. Their request is for assistance in the development and publication of an Environmental Statement on a LLW license application similar to the one prepared by NMSS for the State of South Carolina on the Barnwell Site.

Please provide this office of your decision on the request.

Donald A. Nussbaumer
Assistant Director for
State Agreements Program
Office of State Programs
