Mr. James W. Brew
 State of New York
 Department of Public Service
 Three Empire State Plaza
 Albany, New York 12223

Dear Mr. Brew:

SUBJECT: R. E. GINNA INCIDENT OF JANUARY 25, 1982

This is in response to your letter dated October 4, 1982, requesting that Mr. James Lyons, the Project Manager for the Ginna Plant, review certain documents and prepare an affidavit. Your request is in connection with the New York State Public Service Commission (PSC) proceeding which has been constituted to investigate the causes of the January 25, 1982, tube failure to determine whether costs incurred by the utility should be passed on to consumers.

Mr. Lyons has reviewed the Department of the Public Service (DPS) report entitled, "Rochester Gas & Electric Corporation: R. E. Ginna Incident of January 25, 1982," dated June 1982, and the DPS Staff Responses to the Consumers Protection Board Interrogatories 1, 2, and 4 through 8. He is in general agreement with the statements therein and both documents accurately reflect discussions between Mr. Lyons and the DPS staff regarding the January 25, 1982 outage. Enclosed is the requested Affidavit of James E. Lyons and a statement of his Professional Qualifications for your use in the PSC proceeding.

Sincerely,

Original Signed by
 H. R. Denton

Harold R. Denton, Director
 Office of Nuclear Reactor Regulation
