Secretary of the Commission
U.S. Nuclear Regulatory Commission
Washington, DC 20555

Attention: Docketing & Service Branch

Dear Mr. Secretary:

I am writting to express my support for the Nuclear Regulatory Commission's proposed rule on nuclear power plant license renewal.

Nuclear power plants do not contribute to the problemns of air pollution, acid rain, or the "greenhouse effect". Nuclear power plants provide cheaper and cleaner electrial power than fossil fuel plants.

This is a very important issue to me as an individual citizen and I appreciate your recognizing my concern in this matter.

Sincerely yours,

Roderick A. McCoy Jr.
