(Reg Guide)

OFFICE OF SECRETARY
REGULATING & SERVICE
BRANCH

Dear Mr Frattali,
Consider this my comments on Rev 1 of Reg Guide 5.38.

A young woman activist by the name of Karen Silkwood was supposedly killed by the company she worked for to hide the problems the company was having with fuel rods.' I hope there is some way the problems with assy^aing can be heard without workers getting killed for their honesty and diligence.

Very truly yours,
M. I. Lewis

P.S. You can also consider this my comment on Ree^v 1 of Reg Guide 5.37.
