NOTICE OF VIOLATION

Pfizer, Incorporated

License No. 13-20190-01

As a result of the inspection conducted on October 19, 1982, and in accordance with the NRC Enforcement Policy, 47 FR 9987 (March 9, 1982), the following violations were identified:

1. License Condition No. 17 requires that licensed material be possessed and used in accordance with statements, representation, and procedures contained in application dated June 6, 1981.

Item 15-III of the above referenced application states, if maintenance is required inside the vessels, a lockout procedure will be employed to prevent personnel access with the source in the measure position.

Contrary to the above, the Plant Engineer (Authorized User) had no knowledge of any lockout procedures submitted in application dated June 6, 1981, nor could a copy of these procedures be located.

This is a Severity Level IV violation (Supplement VI).

2. License Condition 13.(B) requires records of leak test results be kept in units of microcuries and maintained for inspection by the Commission.

Contrary to the above, results of the September 30, 1981, leak test on your 10 millicurie cesium-137 sealed source were not recorded in units of microcuries.

This is a Severity Level V violation (Supplement VI).

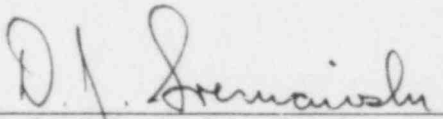

3. License Condition No. 16 requires records of sealed source inventories be maintained for two (2) years from the date of the inventory and shall include the quantities and kinds of byproduct material, location and the date of the inventory.

Contrary to the above, records of inventories conducted have not been maintained since the date of license issuance September 9, 1981.

This is a Severity Level V violation (Supplement VI).

Pursuant to the provisions of 10 CFR 2.201, you are required to submit to this office within thirty days of the date of this Notice a written statement or explanation in reply, including for each item of noncompliance: (1) corrective action taken and the results achieved; (2) corrective action to be taken to avoid further noncompliance; and (3) the date when full compliance will be achieved. Consideration may be given to extending your response time for good cause shown.
