ACT REQUEST

FOIA-90-350

Rec'd 7-27-90

SUBJECT: Request for Radioactive Materials License and All Other Related File Information for License # 24-24817-01 for metaTRACE, Inc.

To Whom It May Concern:

On this date, I spoke with Mr. Daryl Wiedeman of your office requesting the subject information. I explained that I am working on behalf of a client which is currently performing a due diligence process for the potential acquisition of metaTRACE, Inc. located in the State of Missouri, a state within NRC Region III's jurisdiction. Mr. Wiedeman informed me that certain portions of the file contained information on recent allegations which he felt I should request official approval in order to receive. As a result, this letter is being written to officially request under the Freedom of Information Act, all file information on radioactive materials license number 24-24817-01, including, but not limited to the following:

- The original license # 24-24817-01 and all amendments;
- All supplements to the license, including all documents prepared by metaTRACE supporting the use, handling and disposal of radioactive materials. Additionally any documents regarding the training of their staff on proper hygiene, use of, and necessary precautions for handling such materials is requested;
- All information regarding NRC inspection reports, identification of potential infractions and violations of NRC regulations;
- Any other file information regarding the licensing of metaTRACE, Inc. to handle, use and or dispose of radioactive materials.

It is most important that we receive the requested information as soon as possible. We would request these materials be shipped by overnight mail to us. Callaway Environmental Consultants will bear the costs for copying and costs associated with the overnight mailing of these materials by Federal Express shipment or similar carrier.

We appreciate your attention to this request and prompt shipment of these materials. Please do not hesitate to contact me should you have any questions or need any additional information regarding this request.

Best Regards,
