Dear Mr. Grimsley:

Pursuant to the Freedom of Information Act, Nuclear Licensing Reports requests copies of the records listed below.

Nuclear Licensing Reports is a monthly newsletter designed to inform NRC and Agreement State licensees about new and proposed changes in NRC and state regulations and policies in order that licensees may be better able to carry out their operations in a safe and cost effective manner. Included among its subscribers are NRC and Agreement State licensees, Federal and state regulatory agencies, Congressional committees, and members of the public.

Pursuant to the FOIA and NRC regulations, Nuclear Licensing Reports requests a waiver of search and processing costs, and the first 100 pages of copying costs, as a news media organization.

Please send the records directly to me at the Monroe Street address listed above. Should the number of pages exceed 100, please send the first 100 pages to me, and the remaining pages to the PDR reproduction contractor for copying and charge to my FMI account.

Sincerely,

Joseph M. Felton
