SUBJECT: Peach Bottom Atomic Power Station, September,  
1982, Monthly Operating Report Data Correction

Gentlemen:

Attached are twelve corrected copies of the page "Unit Shutdowns and Power Reductions" of the monthly operating report for Peach Bottom Unit 2 for the month of September, 1982 forwarded pursuant to Technical Specification 6.9.1.C under the guidance of Regulatory Guide 10.1, Revision 4.

The reason (2) column for No. 9 shutdown has been connected from D - "Regulatory Restriction" to G - "Operational Error". We regret any inconvenience this error may have caused.

Very truly yours,

  
M. J. Cooney  
Superintendent  
Generation Division - Nuclear
