lot of trust was placed in my wife
Jeannette A Jones to see that these
 activities were accomplished. Steps are
 being taken to correct my shortcomings.

2. All I can say is that there appears
 to have been some misfiling. I am doing
 my best to do corrective action by
 creating a checklist of each file in
 which I hope to have implemented by
 1 Jan 1991

3. I have maintained a daily inventory, but
 this seems to not be satisfactory. I
 am open to all suggestions as to
 the format you want me to follow,
 in example, all forms ect.

4. Maintenance has been performed on all
 exposure devices as prescribed in
 10 CFR 34.28(b) again filing problems.

You can be assured that this licensee
 is doing every thing I can to clean
 up my house. I want everything right
 because I feel confident you are
 going to continue riding hard over me
 since I have had a violation.

Sincerely
 Bill Jones
