Dear Mr. Pikul:

I would like to take this opportunity to express our appreciation to Ming Wang and Dr. William Rowe of your staff for their excellent contributions to the NRC's workshop on Alternate Concentration Limits held December 12, 1990, at the Bethesda Holiday Inn. Dr. Rowe's and Ms. Wang's effort in preparing the agenda, preparing and presenting four separate talks during the workshop, and participating in the question and answer sessions were a prime factor in the success of the workshop. The excellence of their participation is reflected in compliments received by the NRC staff from workshop participants on the timeliness of the workshop and technical quality and thoroughness of the presentations.

Please share these compliments with Ms. Wang and Dr. Rowe.
