Re: Quality Assurance Program Approval No. 0560

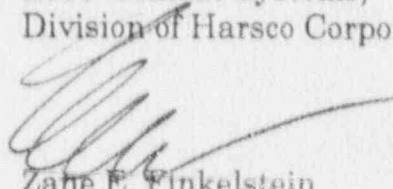

Dear Sir:

In response to your letter dated 20 December 1990, which was received by BMV on 2 January 1991 following our holiday shutdown period, I request that our Quality Assurance Program Approval, reference as above, be renewed for another five-year period.

I have enclosed the necessary fee in the amount of \$180.00. If you require additional information, please feel free to contact my office or the Radiation Safety Officer, Mr. Michael Davis.

Sincerely yours,

BMV Combat Systems,
Division of Harsco Corporation

Gentlemen:

Your Quality Assurance Program Approval for Radioactive Material Packages No. 0560 expires on January 31, 1991.

If you are an NRC licensee and conduct activities under the General Licenses of Subpart C of 10 CFR Part 71, or if you are an Agreement State licensee subject to the requirements of 10 CFR Part 71, you are required by 10 CFR Part 150.20 to hold a quality assurance (QA) program approved by the Commission as satisfying the provisions of Subpart H of 10 CFR Part 71. You should request renewal of your quality assurance program at least 30 days prior to the expiration date. This will provide for continuation of your QA program to satisfy part of the provisions of Subpart C of 10 CFR Part 71 until a final determination has been taken on your application.

Unless an exemption is provided by 10 CFR 170.11, an application fee of \$180.00, as required by 10 CFR Part 170.31, should be included with your request for renewal. This notice of expiration should not be construed that such notice will be provided in the future. If you do not desire to renew your QA program, please let me know.

Sincerely,

Charles E. MacDonald, Chief
