Gentlemen:

In regard to your January 20, 1982 request for withholding certain information contained in NRC Inspection Report No. 99900081/81-01, we wish to inform you that we have been advised by the Office of Inspection and Enforcement, Division of Reactor Programs, to deny your request. This denial is based, in part, upon the fact that Section 9.3 of 10 CFR Part 9 makes it clear that records which are not in the possession of, or directly under the control of the NRC, are not subject to the requirements of being made available to the public.

Should you have any further questions concerning this matter, please notify this office by telephone within 10 days from the date of this letter.

Sincerely,

"Original Signed by
