Gentlemen:

Thank you for your letter of December 18, 1990, in response to our letter and Notice of Violation dated November 28, 1990. We have reviewed your reply and find it responsive to the concerns raised in our Notice of Violation. We will review the implementation of your temporary corrective actions during a future inspection.

We have noted in your response that a design change package for perimeter lighting will be issued in late summer 1991 for construction of new site lighting. We will continue to inspect the implementation of your current lighting and inspect the new permanent lighting system at some future date.

If you have any questions on these matters, please contact R. A. Caldwell at (817) 860-8132.

Sincerely,

Original Signed By

Samuel J. Collins, Director
Division of Reactor Projects
