Dear Sirs:

This is to request an extension to the November 8, 1982 date to submit the revised Emergency Plan for the Purdue University Reactor.

The revised plan is virtually completed but it must be coordinated into the existing plans of other University, Medical, and Governmental groups. Some delay is expected in obtaining all of the necessary approvals. Since these other groups have various schedules that must be considered in obtaining the necessary approvals we are requesting an extension to December 31, 1982 to submit our revised plan. The plan will be submitted as soon as these approvals are obtained.

If we can be of any further assistance in this matter please feel free to contact us.

Sincerely,

Eldon R. Stansberry
Reactor Supervisor
