Dear Mr. MacDonald:

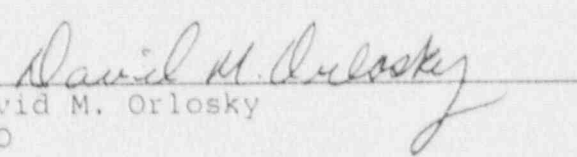

Please find enclosed attachment "K" of Cramer & Lindell Engineers Inc. Radiation Safety Manual. This section defines Shipping Container Quality Assurance Requirements. I've also enclosed an updated organizational chart. There have been no changes in our program relating to shipping or shipping container requirements, since our last approval, (Reference approval number 0558). The expiration date for our program is 1/31/91. Our materials license was just renewed, expiration 9/30/95.

Enclosed is a check for \$180.00 for renewal of our program.

Thank you for your attention in this matter.

Sincerely,

CRAMER & LINDELL ENGINEERS, INC.
