

On November 8, the Board held a telephone conference call to hear the positions of the parties and rule on the motions for reconsideration. The following participated:

For UCLA	-	Mr. William Cormier
For CBG	-	Mr. Daniel Hirsch
For Santa Monica	-	Ms. Lynn Naliboff
For NRC Staff	-	Ms. Colleen Woodhead

1. UCLA Motion

The Board attempted to clarify the procedure set out in its Order of October 22 which instituted a two-step or bifurcated procedure to be followed in resolving pending motions for summary disposition. After much discussion among the parties, it was agreed to follow the first step of the procedure, which will determine only which facts are in dispute and which are not. Evidentiary questions such as relevancy and materiality, and questions of the legal consequences of facts not in dispute, will be left to the second step of the procedure, which will not begin until this step is discussed at a prehearing conference following filing of the first step responses.

The Board clarified its ruling with respect to the service of documents by explaining that documents of record in this proceeding and other documents readily available need not be attached to the parties' filings concerning motions for summary disposition. The parties should endeavor to provide copies of documents which may not be readily available, such as affidavits, and shall provide copies on request of another party or the Board.

A prehearing conference to consider the second step of the procedure on the motions for summary disposition and any other remaining

prehearing matters is tentatively scheduled for the first week in February, in Los Angeles. A precise date, time, and location will be set in the future.

2. CBG Motion

Over UCLA and Staff objections, the Board granted CBG a 60-day extension of time until January 7, 1983 to file its response to Staff's and UCLA's motions for summary disposition.

Additionally, the following topics, unrelated to the motions for reconsideration, were discussed.

3. Supplement to CBG Motion for Summary Disposition of Contention XX (Security)

The Board inquired as to the status of CBG's Supplement to its Motion for Summary Disposition of Contention XX. Mr. Hirsch indicated that CBG was awaiting receipt of documents requested under the Freedom of Information Act. Pursuant to an earlier agreement of the parties, the supplement will be filed when these documents are received.
