General Electric Company
ATTN: Mr. J. A. Long, General Manager
Wilmington Manufacturing Department
P. O. Box 780
Wilmington, NC 28402

Gentlemen:

Subject: Report No. 70-1113/82-20

This refers to the routine safety inspection conducted by Mr. C. M. Hosey of this office on September 13-17, 1982, of activities authorized by NRC License No. SNM-1097 for the Wilmington Manufacturing Department and to the discussion of our findings held with Mr. W. B. Smalley, Acting Manager, Regulatory Compliance, at the conclusion of the inspection.

Areas examined during the inspection and our findings are discussed in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

Within the scope of this inspection, no violations or deviations were disclosed.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC's Public Document Room unless you notify this office, by telephone, within ten days of the date of this letter and submit written application to withhold information contained therein within thirty days of the date of this letter. Such application must be consistent with the requirements of 10 CFR 2.790(b)(1).

Should you have any questions concerning this letter, we will be glad to discuss them with you.

Sincerely,

(original signed by J. Potter for)

A. F. Gibson, Chief
Technical Inspection Branch
Division of Engineering and
Technical Programs
