Dear Mr. Denton:

Attached are five copies of Revision 9 to the Oconee Nuclear Station Security Plan. The primary reasons for Revision 9 are to reflect changes in the corporate and departmental organizations of the company and to update the medical requirements for security officers to coincide with the criteria set forth in 10 CFR, Part 73, Appendix B. Additionally, editorial changes are included in this revision. Revision 9 is submitted pursuant to 10 CFR 50.54(p) and does not decrease the effectiveness of the Security Plan.

Since this material is applicable to security provisions at Oconee and contains Safeguards Information as specified in 10 CFR 73.21, it is requested that this information be withheld from public disclosure.

Very truly yours,
