May 3, 1989

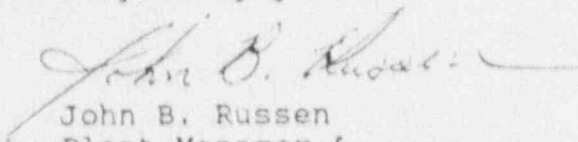

Mr. John White, Chief  
Nuclear Materials Safety Section C  
United States Nuclear Regulatory Commission  
475 Allendale Road  
King of Prussia, PA 19406

Ref: Docket #030-07022  
License #29-13613-02

Dear Mr. White:

In my letter to you, dated April 4, 1989, due to a typographical error, the wrong date was given as to when the doorknob assembly was replaced. The date should have been February 13, 1989. Please correct this information in your records.

Very truly yours,

John B. Russen  
Plant Manager &  
Radiation Safety Officer

RTI Inc.  
108 LAKE DENMARK ROAD  
ROCKAWAY, NJ 07866

Mr. John White  
Nuclear Materials Safety Section C  
United States Nuclear Regulatory Commission  
475 Allendale Road  
King of Prussia, PA

Gate to the roof needs a lock.

Handauer reports being posted each month.  
J. Russen committed to immediate corrective action.

It was suggested that ~~they~~ have one key to fit all the locks  
areas in operations other than the cell to eliminate  
all the various keys ~~they~~ now have.

J. Russen will evaluate and make a recommenda-  
tion.

Meeting adjourned at 5:00 p.m.

Minutes are signed by JEAN Kolakowski, and dated  
5/5/89.

These notes are taken from the copy of the Radiation  
~~Protection~~ Protection Committee minutes forwarded by J. J.  
Russen to Marlene Taylor on 6/5/89 at 4:45-56  
J.F.

The Radiation Protection Committee met on May 4, 1989 at 2:00 p.m. In attendance were:

J. Russen  
J. Nienstadt  
J. Scandalios  
J. Schlecht  
P. Shapiro  
T. Varaklis

John Russen, the Committee Chairman, opened the meeting and a discussion was held on the format to be followed each month. The following is the agreed agenda for each meeting:

- a. Unusual circumstances needing expedite attention.
- b. Progress reports on corrective actions.
- c. New audit findings.
- d. Safety improvements.
- e. License review.
- f. Other

John Russen will review the North Jersey license and present at the next meeting, a plan for the review of the license and preparation of a license renewal.

It was suggested that a Radiation Protection Committee be established at each of the other facilities in a few months.

T. Varaklis will submit a report on the inspection conducted by Dr. Friedman in August 1988 regarding the hot/drum sub system (action by 5/5/89). Paul Shapiro will then draft a letter to the NRC confirming the present situation.

Items needing action:

The gates to the controlled areas should be locked.  
J. Russen committed to immediate corrective action.
