RE: License No. 29-20900-01

Dear Mr. White:

As per your request, we are notifying you as to the progress made in the sale of South Jersey Process Technology, Inc., a wholly owned subsidiary of RTI Inc. located at 75 Tilbury Road, Salem, New Jersey.

RTI has signed an Option Agreement to sell its South Jersey Process Technology, Inc. facility to Stericycle Inc., whose headquarters are in Schaumburg, Illinois. Stericycle intends to operate an irradiation facility and it is our understanding, will make the necessary applications to the NRC separately. The option is for 120 days to conclude in a closing sale at the end of that time or sooner.

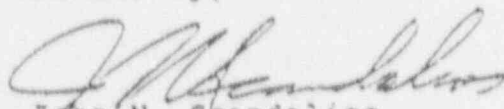

It is RTI's intent to terminate its license at Salem in accordance with NRC requirements at the time of the closing of sale. No radioactive material is present in the Salem facility at this time.

Subject to your approval or comment, RTI will notify the NRC 15 days prior to the closing of the contract of sale and will submit a radiological survey report of the Salem facility at that time.

RTI will not restart operations without prior notification of the NRC.

If you require any further information please advise.

Sincerely,

John N. Scandalios
President
