Re: License No. 29-13613-02

Dear Mr. White:

Further to and in addition to our letter of October 27, 1989 and as indicated in your letter of July 18, 1989, we are requesting an amendment to our license. Specifically, we request that the Organizational Chart be replaced with the enclosed one dated October 27, 1989. Mr. John Miller advised us today that such a change requires a new license amendment with an additional fee. We had believed from previous correspondence that the Organizational Chart could be revised without a fee paid amendment.

The changes to this chart document the following:

- The appointment of Mr. Paul Shapiro as Corporate RSO,
- The addition of Mr. John Schlecht and Mr. Paul Shapiro as Certified Operators,
- The appointment of Mr. A. Friedrich as Operation Manager and RSS,
- The appointment of Mr. A. Beetle as QC Supervisor

Mr. Shapiro has completed more than 3 months of actual operating experience as of October 27, 1989. Please refer to our letters of May 1, 1989 and July 3, 1989 for additional information regarding Mr. Shapiro's qualifications and experience.

With the naming of Mr. Shapiro as Corporate RSO, the services of Mr. Michael Buring, consultant, will be terminated.

Enclosed is our check for \$240 to cover the licence amendment fee.
