Gentlemen:

ULNRC-23.4

DOCKET NUMBER 50-483  
CALLAWAY PLANT  
RESPONSE TO GENERIC LETTER 90-03  
(TAC NO. 76217)

- Reference: 1) ULNRC-687, dated November 18, 1983  
2) ULNRC-2294, dated September 21, 1990  
3) NRC Letter to D. F. Schnell, dated  
December 3, 1990

The referenced NRC Letter to D. F. Schnell requested that Union Electric inform the NRC in writing when the commitments in Reference 2, Union Electric's response to Generic Letter 90-03, are implemented.

The enhanced vendor interface program, as described in Attachment 2 to Reference 2, has been implemented and is an ongoing program.

In an earlier letter to the NRC (section 2.1 of Reference 1), Union Electric made a commitment that a list of valid Technical Bulletins and the individual bulletins themselves would be maintained at the Union Electric corporate office and at the Callaway Plant. Under the current program this material is maintained at the Callaway Plant and is available to the Corporate office on an "as-needed" basis.

If additional information is required, please contact Mr. D. E. Shafer of my staff.

Very truly yours,

A handwritten signature in cursive script that reads "Donald F. Schnell".
