Glen Ellyn, Illinois 60137

Attention: Mr. Roy Caniano

Subject: Repeat Violations A & B from  
Inspection on November 16, 1990

21-18724-01

Gentlemen:

In accordance with your request, we are sending this letter regarding two repeat violations found during your inspection on November 16, 1990.

Violation A, concerning accompaniment of shipping papers during transportation of hazardous materials, was complied with on November 17, 1990. The proper shipping papers, as described by your inspector, were laminated with a 20 mil plastic sheet and are carried by any personnel transporting our nuclear devices. To insure that compliance is maintained, monthly audits will be conducted.

Violation B, concerning the availability of the shipping papers in the event of an accident or inspection, was complied with on November 17, 1990. These papers will remain on the seat adjacent to the transporter in full view. To insure compliance is maintained, periodic audits are being performed on a monthly basis.

Regarding the procurement of a survey meter, one was purchased and was in our possession approximately the first week in December. Periodic checks on our storage area have been conducted and will continue.

If you have any questions or need further information, please do not hesitate to contact us.

Very truly yours,

McDOWELL & ASSOCIATES
