Station, Unit 3))	

APPLICANT'S EXCEPTIONS TO
PARTIAL INITIAL DECISION AND MOTION FOR
EXTENSION OF TIME TO FILE SUPPORTING BRIEF

Pursuant to section 2.762 of the Commission's Rules of Practice, 10 CFR § 2.762, Louisiana Power & Light Company ("Applicant") hereby takes exception to certain designated portions of the November 3, 1982 Partial Initial Decision of the Atomic Safety and Licensing Board in the above-captioned proceeding. For the reasons discussed below, Applicant moves to extend the time for filing its brief in support of the exceptions.

EXCEPTIONS

1. Contrary to the provisions of 10 CFR § 50.47(d), the four conditions specified in the Licensing Board's Order, all relating to State and local offsite emergency plans, are precedent to issuance of an operating license which, inter alia, would authorize fuel loading and low power operations,

rather than precedent to authorization for operation of the facility at power levels above 5% of rated power. Slip Op. at 71.

2. Condition (2) of the Licensing Board's Order specifies that letters of agreement shall be obtained for the drivers of vehicles necessary to implement the evacuation plans. Slip Op. at 71.

3. Condition (2) of the Licensing Board's Order limits the required letters of agreement with respect to evacuation vehicles and drivers to letters of agreement with support parishes, thus precluding satisfaction of the condition by obtaining letters of agreement with other appropriate organizations. Slip Op. at 71.

BRIEFING SCHEDULE

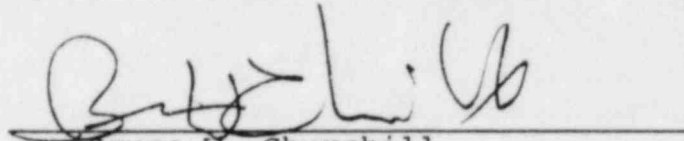

Applicant believes that the consequences of the foregoing portions of the Partial Initial Decision to which it takes exception may have been unintended by the Licensing Board. Applicant is therefore concurrently filing with the Licensing Board a Motion for Reconsideration or Clarification which addresses each of the above exceptions. The Licensing Board's ruling may result in withdrawal or modification of the exceptions. Accordingly, Applicant moves the Appeal Board (1) to permit Applicant to withdraw or file modifications to its exceptions within five (5) days after

service of the Licensing Board's ruling, and (2) to extend the time for filing Applicant's brief in support of its exceptions to thirty (30) days after service of the Licensing Board's ruling.

Respectfully submitted,

SHAW, PITTMAN, POTTS & TROWBRIDGE
