MEMORANDUM FOR: The File

FROM: John G. Jones, Chief  
Plans and Operations Section, TB

SUBJECT: C&P TELEPHONE COMPANY TARIFF FILING -- NRC OC RECORDINGS

On June 8, 1981, I called Dick Wilt of C&P concerning his company's filing of a tariff exempting the NRC OC from use of beep tones or all-party prior consent as prerequisites for recording of calls to or from the center. Mr. Wilt told me that a filing had been made on the basis of the FCC Memorandum Opinion and Order of January 29, 1981, but that he was unaware of the final order on FCC Docket No. 20840. I asked him to review that order to determine whether a refiling of the tariff was warranted. I asked him to inform me of what action, if any, he contemplates. He said that he thought it would be better if he coordinated his actions with Frank Fiorina, with whom he had worked on the existing filing. I am asking Frank to keep me informed.
