MEMORANDUM FOR: Vernon Kerr, Chief
Telecommunications Branch

FROM: Bernard Weiss, Chief
Incident Response Branch

SUBJECT: DICTAPHONE RECORDING SYSTEM FOR THE OPERATIONS CENTER

Please upgrade the ability of the Dictaphone recording system in the Operations Center in accordance with the discussions held with IRB, TB and Dictaphone. The following telephone instruments will require a recording capability:

1. All Instruments in the Executive Team Room
2. All Instruments in the Operations Center, except STA-203E
3. All Instruments in Rooms 347 (except STA-442G), 351 (except STA-442H), 345, 342, 341, and 340.

We will operate this system so that 40 channels of the total 60 channel system will not record during routine operation, but will be activated when required.

If additional information is required, please contact Michael Hawkins on ext. 24671.
