MEMORANDUM FOR: THI Technical Support Staff
FROM: John T. Collins, Deputy Director
THI Technical Support Staff
SUBJECT: EXEMPTION UNDER NRC BULLETIN 4136-44

Attached to this memo is a memorandum approved by William J. Dircks granting an exemption under NRC Bulletin 4136-44, which permits payment of overtime to exempt employees whose basic rate of pay exceeds GC 10/10. This memorandum identifies personnel currently assigned to the THI organization. Since most of the shift people are supplied by I&E, Headquarters, and other regional offices, it is not possible to identify the specific individuals at this time. With regards to the shift personnel, request for payment of overtime should be handled on a case-by-case basis by I&E, Headquarters, and the Regional Offices. A copy of this memo is being forwarded to J. Sniezek at I&E Headquarters and all of the Regional Directors for their consideration.
