Mr. Edward Pearthree
Chief, Facilities Management
General Services Administration
600 Arch Street Room 9400
Philadelphia, Pennsylvania 19106

Dear Mr. Pearthree:

Please issue orders for telephone service to be located in the new Nuclear Regulatory Commission (NRC) Information Office located in the Downtown Mall, 100 Brown Street, Store #14, Middletown, Pennsylvania 17057, as follows:

- A) Terminate three GSA lines on three existing 6-button instruments having a local business line provided by Bell of Pennsylvania.
- B) One GSA line requested in item A shall be relocated from trailer at Three Mile Island Observation Center to this office. The line is 590-3725.
- C) The additional GSA lines shall be new numbers and operate in rotary.
- D) Line 590-3725 shall ring on station location #1 and the rotary lines shall ring on station location #2 on sketch (enclosed).
- E) Provide Call Forward Variable on these three GSA lines.

In addition to the above, please provide Call Forward Variable on two GSA lines located at the NRC trailers on Three Mile Island, 590-3955 and 590-3956.

Occupancy of this new office is scheduled for January 18, 1980. Coordination for access to all locations should be made two or three days in advance thru Mr. John Collins on 717-762-3955. Should you have any questions about this order contact Stuart Cohen on 492-8000 (FTS).

Sincerely,
