

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

PDR-016  
LPDR  
(50-261)

November 1, 1982

Docket Nos. 50-324, 50-325,  
and 50-261

Mr. Doug McInnis  
The News and Observer  
The Raleigh Times  
215 South McDowell Street  
Raleigh, NC 27602

IN RESPONSE REFER  
TO FOIA-82-433

Dear Mr. McInnis:

This is in response to your letter dated September 13, 1982, in which you requested, pursuant to the Freedom of Information Act, copies of all internal non-public documents which relate to your list of 19 events, prepared by the NRC on these events, including correspondence with the Carolina Power and Light Company.

In response to your request, we are providing you with copies of the documents listed on Appendix A.

With respect to the 19 events listed in your letter, we wish to inform you that our search has not turned up any other documents which are subject to your request. The NRC has filed information, that relates to the Brunswick and Robinson facilities, which has been released to the public with the NRC's Local Public Document Rooms and with State agencies located at the addresses listed on Appendix B. You may wish to visit or contact those locations to determine whether documents on file there can provide you with the information you are seeking. This would be in addition to the information contained in the documents which are enclosed.

To assist you in locating documents on file in the LPDRs, a copy of an index list of the file subjects is enclosed. If you have any questions when you visit the library, you may telephone the NRC's LPDR Branch toll free on (800) 638-8081. Also, if you have any other questions in this matter, please feel free to contact Mr. Frank W. Karas of my staff on (301) 492-8133.

This completes action on your request.

Sincerely,

J. M. Felton, Director  
Division of Rules and Records  
Office of Administration

Enclosures: As stated
