Mr. John Collins, Deputy Director
TMI Program Support Office
Nuclear Regulatory Commission
Three Mile Island
Middletown, Pennsylvania 17057

Dear Sirs:

Enclosed is a report of some work done at DOE expense in 1979 on in situ cement solidification of low level radioactive wastes, per your request of a few weeks ago. If you have any questions regarding this, please contact me directly at (301) 353-5502.

Sincerely,

Herbert Feinroth, Chief
Nuclear Reactor Evaluations
Branch
Division of Nuclear Power
Development
