Dear Mr. Smith:

This letter acknowledges receipt of your October 23, 1990 letter requesting relaxation of the terms of the August 10, 1988 Order Modifying the Peach Bottom License, which concern you.

As you are aware, the order precluded the licensee, Philadelphia Electric Company (PECO), from employing you in a site (i.e., Peach Bottom and Limerick) supervisory position responsible for controlling 10 C.F.R. Part 50 activities or in any corporate operational position, without prior approval of the Regional Administrator.

We discussed with you on December 10, 1990 that we would request the views of the licensee before making a determination on your request. However, the events which are the subject of the order are still under review by the U.S. Department of Justice, and therefore, it is premature for the NRC to consider your request at this time.

Sincerely,

Thomas T. Martin
Regional Administrator
