Gentlemen:

Subject: Routine Inspection No. 90-015

On December 13, 1990, C. J. Eckert of this office conducted a routine inspection of your activities involving compasses containing tritium light sources conducted at the above address. The inspection consisted of observations by the inspector, interviews with personnel, and a selective examination of representative records. The results of the inspection were reviewed with you at the conclusion of the inspection.

Based on the results of this inspection, it appears that your activities are in violation of NRC requirements. A Notice of Violation is enclosed as Appendix A and categorizes each violation by severity level in accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," 10 CFR Part 2, Appendix C (Enforcement Policy). Although you would normally be required to respond to this letter, we have reviewed the corrective and preventive measures outlined in your letter dated December 12, 1990 and found your actions satisfactory. No response to this letter is necessary.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and your letter of December 12, 1990 will be placed in the Public Document Room.

Your cooperation with us is appreciated.

Sincerely,
