REVISED
TMI RADWASTE SHIPMENT NOTIFICATION PROCEDURES

*File
Solid Waste
Shipments*

The following notes are for use by TMI radwaste shipment coordinator(s). The specified procedures reflect responses to date directed to TMI after letters dispatched by Wayne Kerr, NRC, March 6, advising that NRC notification to state officials was being discontinued.

Prior to Departure

1. Give ETD to TMI Communications Office (Kluscik or designee); that office will:
 - a. Inform Londonderry Township (Mrs. Acker, 944-1066) of impending shipment
 - b. Coordinate with Middletown Police Department, which provides police escort through Middletown
2. Furnish Bureau of Radiological Health, PaDER, with ID numbers and make of tractor and trailer (Dottie Messimer, 787-2480), no later than 2:30 p.m., regardless of later-hour departure. This supplements data provided PaDER when shipping papers are telecopied for PaDER sign-off.

UPON DEPARTURE

Ohio

1. Ohio Turnpike Commission
 - a. Executive Director Allan V. Johnson (or Deputy Director Alan Plain), 216/234-2081. Provide general information on shipment and request transfer of call to Turnpike Police downstairs.
 - b. Turnpike Police: Ask for (1) Lt. Suffecool, (2) Lt. Everett or (3) Captain Rizzo. Provide vehicle ID, approximate ETA (10 hours) at Ohio line, and confirm that drivers have been briefed on special CB procedures for reporting to Turnpike Police.
2. Ohio EPA
 - a. James F. McAvoy, Director, Ohio Environmental Protection Agency, 614/466-8565, should be apprised unless the shipment has been covered by advance letter specifying a number of shipments in a given time frame.
 - b. Allen Franks, 614/466-8508, has requested notification even though EPA Director McAvoy himself wants only general advance information.

Indiana

- *1. Hal Stocks, Radhealth, 317/633-0150
2. Col. John T. Schettle, Supt., Indiana State Police, 317/232-8241. If he unavailable, secretary will take ETA and vehicle ID or switch you to Operations.
