Inter-Office Memorandum

Date November 7, 1979
Subject Material Associated with Radiological Controls
To All TMI Employees and Contractors

TMI/WMA TMI-II-R-2855

Location TMI Nuclear Station
Middletown, PA 17057

It is imperative that any material associated with radiological controls or anti-contamination protection clothing be readily identifiable and restricted in use, to that for which it is intended.

The following material is so designated:

- White coveralls
- White hoods
- White Skull cops
- White cotton or nylon gloves/glove liners
- Surgical gloves
- Yellow or orange rubber or vinyl gloves
- Black overshoes or boots marked with a yellow patch
- Yellow rubber or vinyl overshoes
- Yellow vinyl rainsuits/wetsuits
- Yellow poly bags
- Yellow "lay flat" tubing
- Yellow and magenta rope and tape
- Any drum marked radioactive material

Use of the above materials for other than that intended will be subject of disciplinary action.
