The Nuclear Regulatory Commission (NRC) conducted an unannounced safeguards nuclear material control and accounting inspection of your facility on January 22-25, 1991. The inspection included a review of activities authorized for your Uncasville facility and consisted of selective examination of procedures and representative records, interviews with personnel, and observation of activities in progress. At the conclusion of the inspection, the findings were discussed with members of your staff. Enclosed are the Inspection Report Summary (Enclosure 1) and the Inspection Report Details (Enclosure 2).

Within the scope of this inspection, no violations or deviations were identified.

Under the provisions of Section 2.790(d), reports containing information related to a licensee's material control and accounting program are exempt from public disclosure. Accordingly, the Inspection Report Details (Enclosure 2) will not be placed in the Public Document Room.

Should you have any questions concerning this letter, please contact us.

Sincerely,

Original Signed by
Theodore S. Sherr
