MEMORANDUM FOR: James Y. Vorse, Office of Investigation
Atlanta Field Office

FROM: James P. O'Reilly, Regional Administrator

SUBJECT: REQUEST FOR INVESTIGATIVE ASSISTANCE: GENERAL ELECTRIC
(CASE NO. RII-84-A-0029)

This refers to the meeting members of my staff held with you on February 17, 1984, related to our request for investigative assistance in interviewing two alleged with concerns about possible laboratory analysis anomalies with respect to accountability and fuel quality measurements. The enclosed Allegation Reports document the individual's concerns as provided to Region II. Please note that the reports contain the identity of the individuals who provided the information and every effort must be made to preclude the inadvertent disclosure of that information, inasmuch as they have requested confidentiality.

Based on the specific nature of the subject allegations, as discussed with you by my staff, we request that you conduct an investigation of this matter. We will, at the same time, provide the technical assistance that you may need. If information of any significance is developed through your investigation of this matter, please inform me immediately.

If you have any questions concerning this request, please contact Jeff Lankford at extension 4194.

James P. O'Reilly
