ACT REQUEST

FOIA-89-292

Rec'd 7-5-89

Mr. Thomas B. Kellam
Division of Computer and Telecommunications Services
Office of Information Resources Management
Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Kellam:

Under the Freedom of Information Act, Public Laws 89-487, 90-23 and 93-502, I am requesting a copy of The Agency Telecommunications Request (ATR) of May 3, 1989, submitted to the General Services Administration. The APR requested approval to acquire a video teleconferencing network to support the Nuclear Regulatory's Commission's program requirements.

It is my desire to have you provide an exact copy of the proposal with the understanding I will pay reasonable reproduction and search costs. However, we request a waiver of these fees in that the documents requested can be considered as primarily benefiting the general public and release is in the public interest.

If for any reason you believe that some portion of these files are exempt from disclosure under the Freedom of Information Act, please delete any such alleged exempt material. However, my consent is designed to facilitate your prompt response and in no way waives my right to the complete documents which I may still choose to request.

I look forward to hearing from you within the next ten (10) working days, pursuant to Section 552 (a) (6) (i) of the Freedom of Information Act. In the event I am denied any portion of these documents, please specify the statutory basis for the denial and the names and titles of the persons responsible.

Very truly yours,

Robert W. Jacobs
