Safeguards Section
Nuclear Materials Safety and Safeguards Branch
Division of Radiation Safety and Safeguards

2/8/91
Date Signed

SUMMARY

Scope:

This routine, unannounced inspection was conducted in the area of Physical Protection of Shipment of Irradiated Fuel.

Results:

In the area inspected, violations or deviations were not identified. Review of available documentation and discussion with the Garden City Marine Terminal Ship Operations Office Personnel, Port Authority Police and Officers of the Ship Alligator Independence confirmed that adequate protection for the shipment of irradiated fuel was being provided and that the licensee had implemented appropriate corrective actions to resolve notification and communications deficiencies cited as violations in Inspection Report No. 70-1252/90-03, dated July 24, 1990. Based on the demonstrated adequacy of the corrective action, the referenced violations are closed.
