Gentlemen:

This is to acknowledge receipt of your application dated January 31, 1991, for a license to possess and use source and special nuclear material in a gas centrifuge uranium enrichment plant to be constructed near Homer, Louisiana. We have begun a preliminary review of the application to determine whether all topics have been addressed and whether it is suitable for detailed review. We shall subsequently advise you of this determination. Our Division of Safeguards and Transportation and our Division of Security will separately communicate with you about their reviews of your application. To assist in properly identifying documents, we will appreciate your marking the assigned docket number, 70-3070, on the front page of any future correspondence with all NRC Divisions.

Sincerely,

John P. Roberts For

Charles J. Haughney, Chief
Fuel Cycle Safety Branch
