License No. 24-18839-01
Docket No. 030-14247

Gentlemen:

This refers to the routine safety inspection conducted by Mr. Michael Kurth of this office on January 10, 1991, of activities authorized by NRC Byproduct Material License No. 24-18839-01, and to the discussion of our findings with Mr. Glenn Everett of your staff at the conclusion of the inspection.

The inspection was an examination of activities conducted under your license as they pertain to radiation safety and to compliance with the Commission's rules and regulations and with the conditions of your license. The inspection consisted of a selective examination of procedures and representative records, observations, independent measurements, and interviews with personnel.

No violations of NRC requirements were identified during the course of this inspection.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter will be placed in the NRC Public Document Room.

We will gladly discuss any questions you have during this inspection.

Sincerely,

Roy J. Caniano, Chief
Nuclear Materials Safety
