Dear Mr. Davis:

This letter is in response to a telephone call from your office Tuesday, January 23 regarding a letter from me dated November 8, 1990 requesting more information regarding 10 CFR 30.5 requiring some licensees with quantities of licensed material to submit financial assurance for decommissioning. To confirm the information I gave your agent by telephone, Immanuel-St. Joseph's Hospital has installed a linear accelerator and plans in the next few months to have the Cobalt therapy unit covered under license #22-17557-01 removed. This letter, however, is not notification to your office of that removal at this time.

I would like to thank you for the telephone call. I found your agent and her information to be most helpful.

Sincerely,

Tom Carlson  
Radiology Department Manager
