Institute of Nuclear Power Operation
ATTN: William R. Kindley, Vice President
Government Relations
Suite 1500
1100 Circle 75 Parkway
Atlanta, GA 30339

Dear Mr. Kindley:

This letter forwards the Nuclear Regulatory Commission (NRC) observations of the Institute of Nuclear Power Operations (INPO) evaluation process at the Point Beach Nuclear Plant. The observations were developed as part of an NRC program to review the status of industry maintenance programs and to determine the need for a maintenance rule. The enclosed document will be placed in the NRC Public Document Room in accordance with the INPO/NRC memorandum of agreement dated October 20, 1988.

Sincerely,
ORIGINAL SIGNED BY
W. T. RUSSELL

William T. Russell, Associate Director
for Inspection and Technical Assessment
Office of Nuclear Reactor Regulation
