 Region III

Dear Mr. Davis:

In reply to the Nuclear Regulatory Commission's inquiry about our compliance to 10 C.F.R. 30.35, the submission of a decommissioning funding plan or a certificate that financial assurance for decommissioning is provided, was discussed with our contracted physicist consultant (Medical Physics Consultants, Inc.) who states that 10 C.F.R. 30.35 does not apply to our facility. This is based on the fact that the Radioactive materials we have on site are substantially below the standards of 10 C.F.R. 30.35.

If you have any questions concerning our reply, please contact the Hospital's Radiation Safety Officer, Alfredo Furquin, M.D. at 1-313-857-6717.

Sincerely,

Deborah A. Sopo
