SUBJECT: REGULATORY RESEARCH ASSOCIATES PUBLICATION, REGULATORY FOCUS

Regarding invoice number 15764, dated June 25, 1990, the subject publisher began sending REGULATORY FOCUS to me in June 1990, even though there was no authorization from the NRC. The published reports have been scanned to keep abreast of economic performance incentive programs of state regulatory commissions. We have found articles on economic performance incentive programs and have used this information in carrying out our responsibilities.
