It is Speer Smith, but the state of Michigan had to put in a hyphen as there system could not print it otherwise, but on my ss# and how I changed it was Speer Smith.

I know I chose a confusing name... right
Thanks Laura from one to another.

Laura Speer Smith

Hello Laura,

I am currently processing your NRC licensing request for Macomb Physicians Group, P.L.L.C. regarding updating your last name. To clarify, should your last name be listed as Speer Smith, or Speer-Smith with a hyphen?

In the letter provided the name is listed without a hyphen, but I noted that your driver's license does include the hyphen.

Thank you,
Laura Cender
