Attention: Charles L. Miller, Director
Standardization Project Directorate
Division of Advanced Reactors and Special Projects

Subject: Westinghouse Proprietary Information Review of the
Safety Evaluation Report for the RESAR SP/90

Dear Mr. Miller:

Westinghouse has completed its proprietary information review of the pre-decisional draft SER for the RESAR SP/90. The SER has been identified by Westinghouse as being non-proprietary in its entirety. The staff may proceed with its process to publish the SER. The copy which was provided to Westinghouse is being returned as an enclosure per your request.

Very truly yours,

W. J. Johnson, Manager
Nuclear Safety Department
