Dear Mr. Olsen:

This refers to your application dated May 23, 1990, requesting an extension of Certificate of Compliance No. 9191.

By letter dated June 22, 1990, Certificate of Compliance No. 9191 was renewed until September 30, 1990, to allow additional time for Babcock and Wilcox to complete an evaluation of alternative replacement containers. As of this date, a consolidated application for renewal has not been received and this certificate has expired. Accordingly, use of the Model Nos. ORNL Unirradiated Fuel Shipping Container and BNL Unirradiated Fuel Shipping Container under the General License provisions of Subpart C of 10 CFR Part 71 or under the provisions of 49 CFR §173.471 is terminated.

If you desire reinstatement of these packages, a separate consolidated application should be submitted for each model package.

Sincerely,

Original Signed by

Charles E. MacDonald, Chief
Transportation Branch
Division of Safeguards
and Transportation, NMSS
