Subject: Pending Amendment Request for NRC License No. 15-32819-01 - Additional Information Required

Hello Chris,

My name is Laura Cender and I am currently processing your U.S. Nuclear Regulatory Commission licensing request to name Kaley J. Pippin, M.D. and Kristin E. Williams, M.D as authorized users on your NRC license. I called and left a voicemail for you yesterday, but email may be a better way to reach you.

In order to complete processing of the amendment request please submit a copy of the ABR Nuclear Board certifications for each physician. A letter from the ABR indicating that both physicians had passed their board examination was provided, but a copy of the actual certificate is required. Additionally, please provide the medical license numbers for Dr. Pippin and Dr. Williams as well.

You may send your response to me directly via email. Please include a signed and dated cover letter with your response.

Please feel free to contact me at 630-829-9712 or send me an email if you have any questions.

Thank you,
Laura
